

# Vision & Values

Our tailored curriculum offers a comprehensive range of enriching educational experiences, empowering young people to develop essential life skills, enhancing their overall quality of life, and increasing future opportunities

## NURTURING

We are a happy, safe and inclusive learning environment where all pupils' needs are met, where progress, achievements and success are recognised and celebrated

## HOLISTIC

We use a strength-based framework to create a holistic profile of the child and their needs

## PERSONALISED

We provide a wide range of personalised learning experiences, which are both exciting and challenging which includes both vocational education and wellbeing programmes

## PUPIL VOICE

We listen to, and respect pupil voice and their contributions whilst using a child centred approach.

## STAFF TRAINING

We provide all of our staff with training and development opportunities to enable effective practice
